

Job Description Title: Weatherization Installer	Department/Program: Home Weatherization Program
Reports To (Title): Branch Director	FLSA Status: Non-Exempt
Supervisory Position: No	Position Status: Full-time
Prepared By: Human Resources	Revision Date: September 2020

JOB SUMMARY

Under the supervision of the Branch Director and in accordance with the direction and mission of District 7 HRDC, the Weatherization Installer is delegated the responsibility for assessing, performing and/or directing energy efficiency and installing weatherization measures on low income client homes.

Perform a variety of activities to weatherize homes and make them more energy efficient. Duties include repairing windows, insulating ducts, and performing heating, ventilating, and air-conditioning (HVAC) work. May perform energy audits and advise clients on energy conservation measures. Line and cover structures with insulating materials. May work with batt, roll, or blown insulation materials.

MISSION OF ORGANIZATION

Through its mission, HRDC empowers people in need through the mobilization and development of community resources by creating opportunities for success in Big Horn, Carbon, Stillwater, Sweet Grass, and Yellowstone Counties. All HRDC activities focus on 6 national goals: Self sufficiency, community revitalization, community ownership and pride, partnerships among supporters and service providers, agencies increase their capacity, and strengthen families and communities.

ESSENTIAL DUTIES

- Test and diagnose air flow systems, using furnace efficiency analysis equipment.
- Inspect buildings to identify required weatherization measures, including repair work, modification, or replacement.
- Maintain activity logs, financial transaction logs, or other records of weatherization work performed.
- Apply insulation materials such as loose, blanket, board, and foam insulation to attics, crawl spaces, basements, or walls.
- Prepare or assist in the preparation of bids, contracts, or written reports related to weatherization work.

2

- Measure and cut insulation for covering surfaces, using tape measures, handsaws, power saws, knives, or scissors.
- Fit, wrap, staple, or glue insulating materials to structures or surfaces, using hand tools or wires.
- Cover and line structures with blown or rolled forms of materials to insulate against cold, heat, or moisture, using saws, knives, rasps, trowels, blowers, or other tools and implements.
- Distribute insulating materials evenly into small spaces within floors, ceilings, or walls, using blowers and hose attachments, or cement mortars.
- Move controls, buttons, or levers to start blowers and regulate flow of materials through nozzles.
- Cut carpet, vinyl or other flexible materials.
- Measure materials or objects for installation or assembly.
- Install insulation in equipment or structures.
- Apply sealants or other protective coatings.
- Follow all established safety protocols and advise Installation Foreman of all safety concerns.
- Maintain records of the purchase of materials and supplies for Weatherization program.
- Maintain the Weatherization Program inventory of tools, materials and supplies by accurately issuing and receiving physical inventory.
- Ensure that worksite is clear of debris and that all leftover materials are picked up and removed from site when appropriate.
- Maintain shop and vehicles in a neat and orderly manner.
- Follow established guidelines for installation procedures.
- Follow work orders for sizes, volumes and measurements, and document any changes to work order.
- Establish rapport with clients to ensure that clients are informed and aware of weatherization measures performed.
- Implements agency work plans at the program level to ensure achievement of set goals.
- Brings creative suggestions and potential solutions to direct supervisor regarding work barriers and team efficiency
